ADOPT-A-PARK A PARK BEAUTIFICATION PROGRAM FOR THE CITY OF BELTON

The City of Belton is excited to introduce the new Adopt-A-Park program. With a growing parks system of 14 parks and counting, the City offers citizens and groups an opportunity to take pride in their parks by lending a hand to ensure enhanced facilities.

Groups can select the park or park areas they would like to adopt and then schedule at least four work dates throughout the year to help keep the selected park beautiful. One Community One Day, the city-wide clean-up day, is pre-selected as the fourth date of service for all groups, and occurs each Spring.

Once the groups have completed their first day of work, a sign will be placed in the park designating the adoptive group. The term of service is for one year, but may continue each year at the request of the group.

The City of Belton encourages organizations, civic clubs, neighborhoods, families, businesses, and individuals to work together to enhance and preserve the City of Belton parks system for years to come. The quality of the City's facilities and recreational opportunities require dedicated volunteers, an informed public, and an attentive staff devoted to parks and recreation.

By donating your time, resources, skills and special care, together we can maintain and enhance our parks system for our community.

For more information about this program, please contact the City of Belton Parks & Recreation office at 254-933-5860, or visit our website at www.beltontexas.gov.
